

Deposit & Withdrawal Policies

Bank Wire Transfer:

When depositing by a Bank Transfer, you are required to use only a bank account, which is in your name which should exactly match the name of the trading account.

An authentic SWIFT confirmation or a Wire Transfer Confirmation, showing the origin of the funds, must be sent to FXDreamTrade once requested. Failure to submit the confirmation may result in the return of the deposited amount, hence preventing such pending amounts from being deposited to your FXDreamTrade Trading account.

Any withdrawal of funds, from your FXDreamTrade Trading account to a bank account, can only be refunded to the same bank account that the funds were originally received from or any other bank account under you. Please note that the processing time of withdrawals to reach your bank account substantially depends on the currency of the bank account, as well as the location and the internal policies and procedures of the recipient's financial institution and country. Therefore, please expect the amounts withdrawn to be credited to your bank account within 2 to 10 business days.

Credit/ Debit Cards:

Credit/ Debit card deposits may be performed, according to the card companies' regulations. When a withdrawal is performed the amounts withdrawn will be returned to the same card used earlier for depositing.

FXDreamTrade cannot process the withdrawals made to a card number that was not used earlier for depositing. Credit/ Debit card deposits are processed instantly in case there is no need for additional verification. FXDreamTrade is not liable for any transfer delays you may experience due to a disruption of service in the system of the payment processor. FXDreamTrade reserves the right to ask you to upload a scanned color copy or photos of both the front and back pages of your card. It is advised that you only leave the 1st and last 4 digits of your card number visible in the image, and cover the CVV number from the back of your credit card. Please note that for cards that don't show cardholder name, FXDreamTrade may require from the Client a documental proof of card ownership, such as a confirmation letter or a statement by the card issuer.

The company takes extreme precautions when dealing with security alerts for credit card payments in order to protect our and our clients' financial integrity. For this reason, although we strive to credit our clients' Credit/Debit card deposits as soon as possible, we do not undertake nor promise or ensure immediate crediting after depositing, as in some cases additional verification of payments is likely to be performed.

In some rare cases if your card does not belong to CFT/OCT programs, by which your card issuer allows withdrawals above the deposited amount, we will not be able to process the transaction. In this case you may withdraw your funds via bank transfer instead.

CMA Forex Trading cannot determine if your card belongs to this program and accepts such
